

# Make Opportunity Happen

The strategic plan is the result of ongoing collaboration between Mount Saint Agnes Academy's (MSA) Board of Governors, faculty, parents and Catholic community. It is what we will strive to become and holds true to our guiding mission and vision. It remains flexible and responsive to the needs of its faculty, students, parents and community. The commitments, goals and objectives outlined serve as a tool and guideline to assist the school in prioritizing of effort and resource allocation over the life of this plan.

We recognize that, in today's world we compete for every student in an environment where local private school options continue to improve, innovate and market themselves to parents. MSA strives to demonstrate the value of an MSA education to parents and students who we view as partners in the education process. We commit to this partnership while holding fast to our unique identity and mission as a Catholic institution.

## Mission

MSA is the premier faith-based education choice for families seeking an academic experience centered on Jesus Christ, grounded in His message of mercy, love and service. It is a relationship-centered and student-centered environment, dedicated to developing global citizens, first and foremost to the service of God and the families and students of our community.

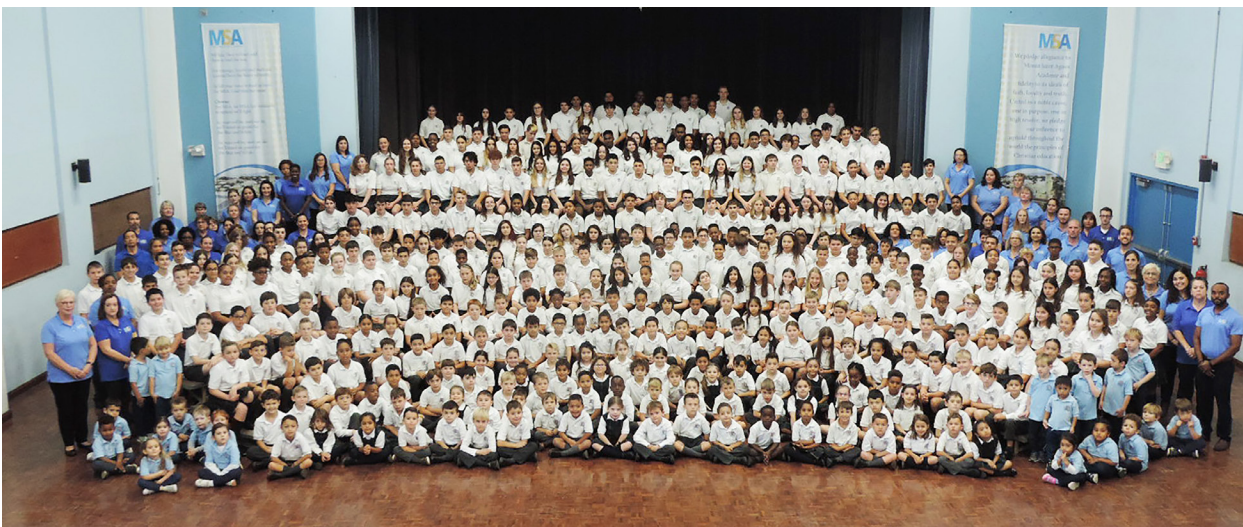

## Vision

The Vision of MSA is to provide quality education in a caring, Christian environment. Belief in Christ and fidelity to Roman Catholic beliefs form the foundation upon which all academic learning and social interaction take place. To this end we make a strong commitment to recognize each child as an individual and to help him/her develop according to his/her own potential in order to become a responsible member of the community.

## STRATEGIC PLAN 2020

### VALUES:

- Faith
- Respect
- Integrity
- Responsibility
- Trust
- Compassion & Caring
- Success

# Our MSA Family
